

Hemlock™ Powered Table Leg and Base System

Features

- Illuminate the ITC tabletop by connecting it with the power distribution leg
- Easy, quick removal makes the system perfect for stow away when more space is needed
- Floor base is ready to plug into the boats wire harness for an easy installation
- The 2.5" diameter leg combined with the large diameter floor base provides a wobble free system
- Gold plated conduits withstand harsh environments as well as repeated use
- Additional sending unit (part #21100-RGB-01) required for RGB tables to translate the RGB signal from the controller to the table

Floor Base | PACFB-FFLL

Finish (FF)	Size (LL)
B1 - Powdercoated Black S1 - Powdercoated Silver	08 - 8" Floor Base
Polished Stainless Base - CAFB-S108-SS	

*Floor base cap ordered separately - 360-00426-X

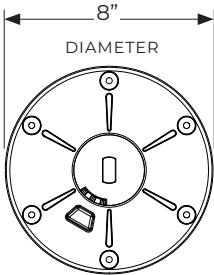

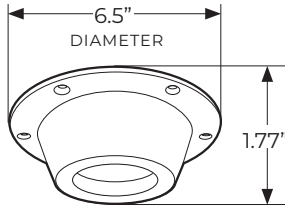

Table Base | PCTB-FFLL-U

Finish (FF)	Size (LL)
B3 - Black Plastic	T7-U - 6.5" Table Base

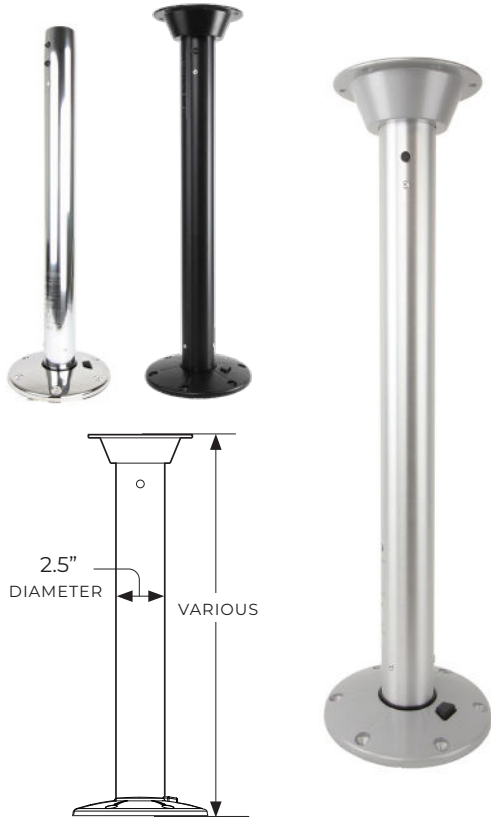

Sending Unit | 21100-RGB-01

*RGB tables only

Table Leg | PACTL-FFLL-U
